

**2CABTC Agility Folks Get Ready – Coming back by popular demand -
an Agility Seminar with**

Theresa Rector

**Canadian competitor in European Championship & FCI World Championship
Coach for the Canadian World Team**

March 14-16, 2025

For those that don't know Theresa, She is a multi world team member and also Coach of the CKC world team. Theresa is great at working with each team regardless of what handling style or level you are at. She fits the courses to work at your level so you are insured success and have a positive learning experience. Her feedback is invaluable, she takes frustrated/fumbling handlers to fabulous over the course session. Everything is positive, motivating and pushing teams to do more than you think you can. Teams will take all these skills to their next class or competition. Her complete bio is attached.

SEMINAR DETAILS

SESSIONS/CLASSES OFFERED (all classes can be audited. Classes will be limited to 8 teams. Auditing is unlimited)

Friday March 14th

12 PM – 4PM: Cue/Cue/Cue – develop and enrich your cues. Cues will include jumping, tunnel, deceleration. Session will be how to teach them to your dog and then how to apply them to a sequence situation

5PM – 7PM: Puppy Foundation skills -Foundation skills to build that young puppy into a future agility dog. Jumping, contacts training, recalls, etc. all things to develop for the puppy. Cost is ½ of the full session shown below.

Saturday March 15th

8AM – 12PM : Young dog seminar (open & below) – Young dogs skills and drills . Theresa's choice of handling sequences , no contacts or weaves .Just tunnels and jumps . Probably should be at least a year old but plenty of hard work in there for even excellent level dogs , Great for speeding up unconfident dogs or just good work on how to keep up with those speedy dogs!

1:00PM – 5PM – Advanced handling- designed for teams that want to improve longer sequences and full courses. This will include early blinds, wraps, threadle wraps, threadle slices, layering, backsides, flips, and more. Be prepared to learn distance or use distance skills if you have them. This is challenging but a whole lot of fun. AFrame and weaves will be used. Expand on the skills learned in November. Additionally adding skills to help with Premier

Sunday March 16th

8AM – 12PM: Basic Course work All levels Designed for young dogs that need to enhance their skills at the upper levels. Increase the use of different strategies to create winning situations on the course. Could include distance, new skills or new uses of the skills the team already knows. Teams need to run excellent/master level courses

1:00pm – 5:00 PM – Handling & Sequences; Handlers looking to smooth out their sequences and handling. This will include blinds, backsides and threadles along with rear and front crosses. Depending on the need, focus could be on use of more blinds. A Frame contact & weaves will be used.

COST:

Key Bearing Members	\$140 working session	Audit \$20 per session
CABTC Members	\$160 working session	Audit \$30 per session
Non-Members	\$200 working session	Audit \$40 per session
