

Agility Folks Get Ready – CABTC is Happy to Announce an Agility Seminar

## Theresa Rector

Canadian competitor in European Championship & FCI World Championship

Coach for the Canadian World Team

May 1, 2, 3, 2026

Theresa is great at working with each team regardless of what handling style or level you are at. She fits the courses to work at your level so you are insured success and have a positive learning experience. Her feedback is invaluable, she takes the time to make frustrated/fumbling handlers to fabulous over the course session. Everything is positive, motivating and pushing teams to do more than you think you can. Teams will take all these skills to their next class or competition.

### SEMINAR DETAILS

#### Friday May 1st

**12 PM – 4PM: Cues/Cues/Cues;** Develop and enrich your handling cues. Cue training will include jumping, tunnel, deceleration Session will teach your dog to use them and you to apply them in sequence situations. Types will include but not limited to cueing backsides, wraps, tunnel turns, jumps tight turns or wider, decels to other obstacles.

**5PM – 7PM: New Handler & Dog –** Designed for the new agility handler to understand handling skills and where to use the basic skills with their dog. Understanding lines and how the manage them. Also dog lead leg and its impact on the handling. Short sequences

#### Saturday May 2nd

**8AM – 12PM : Young dog –** Young dogs skills and drills . Theresa's choice of handling sequences , Some contacts & weaves along with tunnels and jumps . Equipment perfection not required. Should have at least a year of training but plenty of hard work in there for even excellent level dogs , Great for speeding up unconfident dogs or just good work on how to keep up with those speedy dogs!

**1:00PM – 5PM – Advanced handling-** designed for teams that want to improve longer sequences and full courses. This will include early blinds, wraps, threadle wraps, threadle slices, layering, backsides, flips, and more. Be prepared to learn distance or use distance skills if you have them. This is challenging but a whole lot of fun. A-Frame and weaves will be used. Expand on the skills previously learned. Additionally adding skills to help with Premier

#### Sunday May 3<sup>rd</sup>

**8AM – 12PM: Basic Course work All levels** Designed for young dogs that need to enhance their skills at the upper levels. Increase the use of different strategies to create winning situations on the course. Could include distance, new skills or new uses of the skills the team already knows. Teams need to run excellent/master level courses

**1:00pm – 5:00 PM – Handling & Sequences;** Handlers looking to smooth out their sequences and handling. This will include blinds, backsides and threadles along with rear and front crosses. Depending on the need, focus could be on use of more blinds. A Frame contact & weaves will be used.

**SESSIONS/CLASSES OFFERED (all classes can be audited. Classes will be limited to 8 teams. Auditing is unlimited)**
